Owens, Radigan

NAYS: None

# (1) Accept New Proposed Policies and Rescind Current Policies

Dr. Harrison reminded the Board that Policies (see Policies listed below) had been presented for their approval at the last Board meeting. However, due to questions from the Board and to give constituents on campus an opportunity to review, they were withdrawn and were resubmitted at this Board meeting for approval.

Ms. Jackie DeGenova noted the following revisions made from the previous meeting:

- Gender identity and expression were added.
- Some language in the Non-Discrimination/Anti-Harassment Policy 3-43 and 3-44 Sexual Harassment/Misconduct was revised so it covers employees, students, contractors, and visitors that would have business relationships with the College.
- In Policy 3-44(E) Sexual Harassment/Misconduct the following was added: "...The College recognizes that consensual sexual relationships are generally not problematic, except when the relationship may..."

That the Board of Trustees adopt new Policies 3-41, 3-42, 3-43, 3-44 and 3-45, and rescind current Policies 11-05, 3-28, 3-33, 3-34, and 3-35.

The Committee of the Whole agreed to refer this item to the Board of Trustees for approval.

# (2) Awarding of Emeritus Status

Emeritus status was brought forward for the following ten retirees:

- Professor Lorraine Boyd, Nursing
- Ms. Sheila Butler, Coordinator, Academic Affairs
- Associate Professor Deane Cobler, Hospitality, Massage Therapy and Sports and Exercise Studies
- Associate Professor William "Bill" Ferguson, Mathematics
- Professor Elle Feth, Biological and Physical Sciences
- Professor Charles Gallucci, Biological and Physical Sciences
- Assistant Professor Victoria Lackey, Mathematics
- Professor Robert Mergel, Construction Sciences and Engineering Technology
- Professor Julie Molnar, Modern Languages
- Professor Katherine Struve, Mathematics

The Committee of the Whole agreed to refer this item to the Board of Trustees for approval.

# (3) Refinancing Outstanding General Receipts Bonds Issued in 2003

Ms. Terri Gehr presented a Bond Resolution which would allow Columbus State to refinance the debt that was issued in 2003 and could realize interest savings of approximately \$600,000 to \$800,000 over the remaining life of the bonds based on current rates.

The Committee of the Whole agreed to refer this item to the Board of Trustees for approval.

# (4) Financial Statements as of, and for the Four Months Ended October 31, 2012

Ms. Terri Gehr explained that because the November Committee meeting was scheduled a week early, the Financials for September were included in the agenda packets instead of October. However, the October Financials were placed in the Board notebooks prior to the meeting for their review and discussion.

Ms. Gehr explained that on Exhibit B (see attached Financial Statements) there is now a line item showing "Non-Capital Reserve Expenditures". This will show what is spent out of the reserve and also show the projection for year end.

The College is requesting that the Financial Statements ended October 31, 2012 be accepted as presented.

The Committee of the Whole agreed to refer this item to the Board of Trustees for approval.

# (5) Tuition Increase Effective Summer Semester 2013

Students at Columbus State paid \$79 per quarter credit hour beginning Summer Quarter 2006 through Summer Quarter 2012. During that period, the Board of Trustees increased tuition just once, by 3.5% to \$81.75 per quarter credit hour. The \$2.75 increase was waived repeatedly through Summer Quarter 2012. By not charging a rate higher than \$79 per credit hour through Summer Quarter 2012, Columbus State students and their families saved \$22.1 million compared to what they would have spent had tuition been increased by amounts allowable each year by state statute.

Adjusting for the semester calendar which began in August 2012, students began paying the unwaived rate of \$81.75, adjusted for a semester credit hour to \$122.62 per credit hour, and will do so through Spring Semester 2013.

During the same period that the tuition students paid was held constant, the College made scholarships available to students, hired full-time faculty, enhanced student services, and resourced its public safety program. The College also implemented a number of cost efficiency measures, including refinancing its debt, reshaping its health care program, and offering cash incentives for employees to separate from the college as a means of slowing the growth of payroll. Additional cost-savings measures are underway and others are being considered.

Coupled with cost savings measures, it is necessary to increase tuition so the College can continue to provide its students the academic and other services they need to meet their goals. It is recommended that a new tuition rate become effective Summer Semester 2013. For Ohio residents, tuition will be increased by \$6.63 or 5.4% per semester credit hour, and commensurate adjustments will be effective for non-Ohio/U.S. residents and international students as noted below:

Ohio Resident Fee: \$129.25 per credit hour. This fee includes a \$115.75 instructional fee and a \$13.50 general fee.

Non-Ohio, U.S. Resident Fee: \$286.25 per credit hour. This fee includes a \$262.25 instructional fee and a \$24.00 general fee.

<u>International Student Fee</u>: \$343.50 per credit hour. This fee includes a \$312.00 instructional fee and a \$31.50 general fee.

The table below illustrates the fee structure by number of credit hours that would be effective Summer Semester 2013.

If approved, Columbus State's in-state tuition rate will be the third lowest among Ohio's 23 community colleges. The lowest rate is \$111 per semester credit hour, and the highest is \$175 per semester credit hour. For institutions that have levy income in addition to State Subsidy and tuition revenue, the lowest in-county rate is \$92.37 per semester credit hour and the highest is \$129.50.

Effective Summer Semester 2013, a tuition rate increase of \$6.63 or 5.4% per semester credit hour for Ohio residents, with commensurate increases per credit hour for non-resident and international students as reflected in the fee structure above.

The Committee of the Whole agreed to refer this item to the Board of Trustees for approval.

SUBJECT:

Financial Statements as of October 31, 2012

Attached are the financial statements of Columbus State Community College District, the Foundation, and the President's Discretionary Fund for the period ended October 31, 2012.

As a reminder, because FY13 includes a switch in academic calendars from quarters to semesters, comparables to prior year do not yield instructive information. It will take two full years of a standard semester schedule for true comparatives. During this year of transition, actual revenue and expenses for FY13 will be discussed in the context of the Board-authorized budget.

#### 1. General Fund

These financial statements include comparisons of actual-to-date compared to the FY 13 Budget approved by the Board in May.

#### Enrollment

			Budget to			
			Actual	Actual		
	Budgeted		Increase/	FY 12	FY 13	%
Term	Headcount	Headcount	Decrease	FTEs	FTEs	Variance
Summer 2012	20,001	18,265	-8.7%	11,699	10,029	-14.3%
Autumn 2012*	29,375	25,650	-12.7%	20,257	15,289	-24.5%
Spring 2013						

<sup>\*</sup>FY13 preliminary headcounts and FTEs

# • Revenues (Exhibit B)

Because of the adjustment from a quarter to a semester calendar, a percentage of Summer quarter revenue was accounted for in FY12, given the term started in mid- versus late-June as in years past. These financials include approximately 78% of Summer quarter tuition revenue and 50% of Autumn semester tuition revenue. In total, tuition revenue for Summer quarter was down 14%, Autumn semester revenue is down 24% from prior year, and both terms are below budget for the year, which corresponds to the respective decrease in FTEs from the prior year upon which the budget was based.

### • Expenditures (Exhibit B)

Total operating expenditures (before transfers) are \$48,795,303 for the period. Expenditures are tracking on pace with the projected year-end budget to reflect lower-than-budgeted enrollment.

Board of Trustees Financial Statements as of October 31, 2012 Page 2

# • Budget (Exhibit B)

While the FY13 budget as authorized assumed a 5% enrollment decline, adjustments have been made to realign the expense budget to anticipated revenues. These adjustments are reflected in the Projected Year End columns. Expense adjustments include holding positions vacant, streamlining operations to a semester-based calendar, deferring equipment purchases, and limiting various operating expenses including travel, conferences, and other discretionary spending.

Of the \$9.5 M decrease in projected year-end "Educational and General" compared to the budget as authorized in May 2012, \$7.3 M is a reduction in Adjunct payroll, the expense that varies as enrollment varies. Adjusting for this variable, the projected year-end expense for "Educational and General" is 2.5% lower than budgeted.

# 2. **Auxiliary Fund** (Exhibit D)

The auxiliary fund's actual revenues are tracking at 43.4% of budget as of October 31, with all enterprises tracking higher than budgeted revenue due primarily to the concentration of Bookstore sales that occurred in August and September. Expenses are tracking at 31%, which is approximately 2% lower than budgeted for the period.

# 3. President's Discretionary Fund (Exhibit F)

The President's Discretionary Fund has a cash balance of \$19,526 at October 31, after disbursements of \$474.

#### 4. **Foundation** (Exhibits G and H)

Foundation contributions through October are \$234,574, slightly lower compared to \$244,928 through October of last year. In the month of October, Management and General expenditures are \$58,636 comparable to \$70,041 through the same period last year and the College has supported the operations of the Foundation in the amount of \$98,356, compared to \$129,209 at the same time last year. These differences are due mainly to a decrease in salary expense and the timing of expenditures.

### 5. Investments

The College's portfolio is invested consistent with its investment policy, with 26.2% currently invested in STAROhio and other money markets, with the balance in federal agencies.

#### 2) <u>Inventories</u>

Bookstore inventories at year-end are stated at actual cost. At or near year-end a complete physical inventory is taken and adjustments, if any, are recorded.

#### 3) Plant Funds

Physical plant and equipment are stated at cost at date of acquisition or fair value at date of donation in case of gifts. Depreciation of physical plant and equipment is recorded.

#### 4) Long-term debt

Outstanding long-term debt consists of bonds payable in annual installments varying from \$800,000 to \$1,530,000 with interest at rates varying from 3.50% to 4.5%, the final installment being due in 2023, collateralized by a gross pledge basis, of the general receipts of the college, which include the full of every type and character of receipts, excepting only those specifically excluded which are primarily those that are appropriated from the State of Ohio.

Debt service for this long-term debt is paid from an annual allocation in the College's Operating fund, the Auxiliary Services fund, and from the State's Capital Component Program.

#### 5) Interfund Accounts

All interfund borrowings have been made from current funds and amounts are due currently without interest.
