SUBJECT:

Tuition Waiver for Summer Quarter 2011 through Summer Quarter 2012

BACKGROUND INFORMATION:

In September 2009, the Board of Trustees increased tuition effective Winter quarter 2010. The increase was waived for Winter 2010 and Spring 2010 by the Board of Trustees and the Chancellor of the Ohio Board of Regents, and the cost of tuition at Columbus State remained constant for the fourth consecutive year. In March 2010, the Board of Trustees and the Chancellor of the Ohio Board of Regents extended the waiver through Spring Quarter 2011, keeping the cost of tuition at Columbus State constant for a fifth consecutive year.

The Board seeks to extend the waiver for the period Summer Quarter 2011 through Summer Quarter 2012 to keep tuition as affordable as possible for students to attend college.

If the Chancellor of the Ohio Board of Regents approves the College's requested waiver, tuition at Columbus State Community College through Summer Quarter 2012 will remain as follows:

Ohio Resident Fee: \$79 per credit hour. This fee includes a \$70 instructional fee and a \$9 general fee.

Non-Ohio, U.S. Resident Fee: \$175 per credit hour. This fee includes a \$159 instructional fee and a \$16 general fee.

International Student Fee: \$210 per credit hour. This fee includes a \$189 instructional fee and a \$21 general fee.

RECOMMENDATION:

That the Board of Trustees approve, effective Summer Quarter 2011 through Summer Quarter 2012, a waiver of \$2.75 per credit hour for Ohio residents, \$6 per credit hour for Non-Residents of Ohio, and \$7.25 per credit hour for International Students, pending approval by the Chancellor of the Ohio Board of Regents.

SUBJECT:

Voluntary Cash Separation Incentive

BACKGROUND INFORMATION:

At various times throughout Columbus State's history, retirement incentives have been offered when conditions warrant. Given the continued complexities and uncertainties related to state funding for higher education, a softening enrollment, and proposed pension reform legislation, a Voluntary Cash Separation Incentive for employees already eligible to retire will serve to slow the growth of the college's payroll, the most significant expense in the operating budget. Additionally, the program will create opportunities to reorganize or reallocate positions to more effectively meet the college's student success objectives.

Eligibility:

- Only full-time employees who at the time that the incentive is offered meet the current eligibility requirements to retire under State Teachers Retirement System (STRS), School Employees Retirement System (SERS), and/or the Alternative Retirement Plans (ARP) systems. Consequently, the employee would have a combination of age and service years with the college and/or any other public employer and political sub-division to qualify for retirement. The employee must qualify in the year that the incentive is offered.
- Employees who have already retired from a public employee retirement system are not eligible for this incentive.
- The employee will be required to have an effective date of separation no later than six (6) months from the date the incentive is officially offered if the employee is already eligible to retire, or from the date they become qualified.
- The college is not buying service time and the volunteer only needs to separate from the college but does not have to officially retire.

Incentive:

- Full-time employees who qualify and volunteer in year one of the incentive, shall be given a cash incentive of one year salary up to a maximum of \$75,000 for faculty (3 quarters or 2 semesters salary), \$55,000 for administrators, and \$25,000 for staff.
- If offered in year two, full-time employees who volunteer for the incentive will be given a cash incentive of one-year's salary up to a maximum of \$50,000 for faculty (3 quarters or 2 semesters salary), \$25,000 for administrators, and \$10,000 for staff.
- If offered in year three, full-time employees who volunteer for the incentive will be given a cash incentive of one-year's salary to a maximum of \$20,000 for faculty (2 semesters salary), \$10,000 for administrators, and \$5,000 for staff.
- Employees who participate in the program will be paid all accrued leaves in accordance with College Policy and Procedure as if they were going to retire.

Effective date:

- Year 1 July 1, 2011 – June 30, 2012
- Year 2 July 1, 2012 – June 30, 2013
- Year 3 July 1, 2013 – June 30, 2014

Miscellaneous:

- Employee volunteer must identify their interest in the program during a 60-day window beginning July 1-August 31st of each year.
- The College reserves the right to re-evaluate the incentive and decide whether to offer it in the subsequent years.
- Employees who are eligible and take the incentive may not return to the college in the same position as they left without approval of the President.
- Lastly, if approved, the college will address this incentive with the appropriate union representatives as required by law.

Benefits:

- Slows the growth of the overall payroll budget including the lag time to refill the position if needed.
- Permits the college to reallocate certain positions that better meet the needs of the college.
- Permits the college to better plan attrition and succession.

RECOMMENDATION:

That the Board of Trustees authorizes the Voluntary Cash Separation Incentive Plan for FY 2012.

SUBJECT:

Operating Budget for Fiscal Year 2012

BACKGROUND INFORMATION:

Columbus State Community College Policy 9-01 requires that the Board of Trustees approves the District's operating budget prior to the beginning of each fiscal year. FY 2012 ("FY12") begins on July 1, 2011.

Attached is the proposed FY12 operating budget. The budget is accompanied by a brief narrative that describes revenue and expense assumptions for the FY12 Operating Budget.

Exhibit C lists the initiatives and the additional funds necessary to advance the work.

RECOMMENDATION:

That the Board of Trustees approves:

- The FY12 Operating Budget for the Columbus State Community College District (Exhibit A) and Auxiliary Enterprises (Exhibit B).
- The release of funds for strategic initiatives on Exhibit C, and the authorization of the President and Treasurer to reallocate as necessary between Board accounts to provide for these allocations and consolidate previously released allocations for efficient administration.
- The hiring of six (6) new full-time tenure-track faculty positions beginning in academic year 2012-13.
- The hiring of other new full-time positions to support student services, strategic partnerships, curriculum management, college outreach, public safety and other needs, not to exceed 24 positions and \$1.65 million.

Planning Context

Columbus State Community College's enrollment has grown from 23,057 students in Autumn 2007 to 30,297 students in Autumn 2010, an increase of 7,240 students, a 31.4% increase.

To continue providing quality and convenient access to higher education to this significantly expanded student population, and to strengthen student services to improve student success and attainment, Columbus State seeks to upgrade its infrastructure to meet the service demands of its student body. The college will do so in a variety of ways including forging strategic partnerships with K-12 and higher education institutions in the Central Ohio region, and strengthening its organizational and technological capacity to deliver its services.

Given these objectives and the broader context in which the College operates, including a State biennial budget that is in the midst of legislative deliberations, the FY12 budget is built on the following assumptions:

- Responding to an extraordinarily swift and deep recession, community colleges have just experienced the most abundant growth they may see for some time;
- Tuition revenue will be the primary source of income going forward; and
- Reallocation, reorganization, and restructuring to align with strategic goals are essential to the institution's continued vitality.
- That the final allocation for the State Share of Instruction in the higher education budget in Amended Substitute HB 153, the State's FY12-13 budget, currently being deliberated by the Ohio Senate, will approximate the allocation recommended by the Governor and approved in the House-passed version of the budget bill.

Budget Highlights

Access: Keeping tuition affordable and continuing a successful student scholarship program are key access initiatives that will continue through FY12.

Student Success and Attainment: Enhanced advising and other student support services will be an important element of achieving meaningful gains in student attainment, in addition to supporting enrollment growth that has already occurred. Enhancements may include: outreach to high schools, including early placement testing; advising for majors with discrete pathways to bachelor's degree programs; enhanced advising and other support services to online students; enhanced advising services to working adults; support services and advising to veterans; expanded student leadership and engagement programs; career counseling; and other student services.

Strategic Partnerships: The college has aggressively pursued an array of partnerships that will launch in FY12, including:

- *OSU Preferred Pathways*, a program that will allow students to pursue with intention when they start at Columbus State a specific pathway that will guarantee admission at Ohio State University in a specific program of study.
- A unique partnership at Columbus State's Delaware Campus through which OSU-Marion students can take courses offered by both Columbus State and OSU.
- A new and expanded off-campus center in Gahanna, currently housed in Gahanna-Lincoln High School. The expanded center with more academic offerings and student services will be housed in Clark Hall, a new building that will include Columbus State, Eastland Career Center, and Gahanna-Lincoln High School.
- Deeper partnerships with K-12 school districts to improve college readiness.

Affordability: To continue serving a growing population of students while keeping tuition affordable, the college has aggressively sought to free up monies within existing revenues by pursuing significant efficiency measures, including moving to self-insured health care and workers' compensation programs to slow and lower the growth of spending, respectively; investing in energy efficiency measures to reduce energy consumption; bidding major operational contracts that have yielded savings; and restructuring debt.

In addition to various efficiency measures, in preparation for the loss of federal stimulus monies that comprised 17.6% of the FY10-11 state subsidy allocations, and in preparation for the uncertainties of the FY12-13 state budget, the college undertook in earnest a rigorous process of budgeting more tightly, better aligning variable expenses to variable revenues and analyzing more carefully proposed expenses compared to prior year actual expenses.

Because these measures had been intentionally pursued in recent years, and because the new Governor and legislature continue to prioritize higher education as a key solution to improving the State of Ohio's economy, the proposed FY12 budget assumes students will continue to pay an in-state tuition rate of \$79 per credit hour for the sixth consecutive year. While the College's official tuition rate is \$81.75 as authorized by the Board of Trustees in September 2009, the \$2.75 increase has been waived twice by the Board of Trustees and the Chancellor of the Ohio Board of Regents, and a third waiver of the increase will be sought to keep tuition at \$79 per credit hour through Summer Quarter 2012, the last quarter the College will hold classes on a quarter-based calendar.

Enhancing Organizational Capacity: The College's technology infrastructure will be an important success factor going forward. An allocation is requested to address needs in the areas of instructional technology, institutional research, web services, online learning, and the student information system. Noting that the physical infrastructure of the Columbus Campus is at capacity, additional leased space will be required in the near term.

Key Budget Assumptions: General Fund

The proposed FY12 District budget is summarized in Exhibit A, attached to which are budgets for the Columbus Campus (Exhibit A-1) and the Delaware Campus (Exhibit A-2).

Revenue and expenditure assumptions are outlined below.

Revenues

FY12 estimated revenues total \$154.5 million, a 2% decrease from projected FY11 year-end revenues. Specific FY12 revenue assumptions include the following:

Enrollment

In the current academic year, Columbus State's enrollment continued to grow though at a slower pace than the growth the college experienced in recent years. For purposes of planning tuition revenues for the FY12 operating budget, enrollment is projected at levels comparable to the current academic year except at the Delaware Campus where growth over FY11 is assumed and includes the first Summer quarter classes at the new campus, and enrollment projected as a result of the new partnership with OSU-Marion.

Tuition

Because of increased enrollment and tighter budgeting of expenses, in FY12 Columbus State can hold its tuition at the same rate students have paid the past five years.

The college's official in-state tuition is \$81.75 per credit hour, however students have paid \$79 per credit hour since academic year 2006-07. Pending approval by the Board of Trustees and the Chancellor of the Ohio Board of Regents of a \$2.75 waiver, the FY12 budget is balanced assuming in-state tuition students will continue to be charged \$79 per credit hour through Summer Quarter 2012.

State Share of Instruction

The college's proposed FY12 budget includes \$58.7 million in State Share of Instruction (SSI), the latest projections from the Ohio Board of Regents calculated based on appropriations and language in Sub HB 153, the state's FY12-13 budget legislation which is currently pending before the Ohio Senate. Compared to the FY11 SSI allocation, the FY12 allocation represents a 7.8% decrease, as represented in the table below:

	FY11*	Projected FY12	% Change
State Share - SSI	\$54,375,267	\$58,710,089	8.0%
Federal Stimulus Share - SSI	9,277,688	0	-100.0%
Total SSI	\$63,652,955	\$58,710,089	-7.8%

*FY11 SSI includes the \$4.1 million "planned lapse" as represented in the April 28, 2011 OBOR Subsidy Distribution Schedule for Columbus State. The actual distribution of the planned lapse is still uncertain as it is dependent on the status of state revenue receipts, as noted in the State Budget Director's May 10, 2011 *OBM Monthly Financial Report*.

Success Points

Performance-based measures factored into the formula distribution for the second consecutive year, focusing student success in the following areas: completing developmental education courses, completion of prescribed numbers of credit hours, degrees earned, and transfers. In FY12, the share of the SSI allocated for Success Points is 7.5%, a 2.5 point increase over FY11's 5.0%.

Partnerships

A new partnership with OSU-Marion holding classes at Columbus State's Delaware Campus yields partnership income that will offset expenses associated with the

partnership. This and other partnerships will serve to yield savings across the University System of Ohio as institutions share and maximize resources, allowing for additional collaborations and reallocations.

Expenditures

The College's FY12 operating expenditures total \$152.9 million, or 1.6% over projected year-end FY11 spending. Included in the budget are allocations for six (6) additional full-time tenure-track faculty positions for the 2012-13 academic year, and up to 24 additional full-time positions to support student services, strategic partnerships, curriculum management, college outreach, public safety, and other needs. Also included are expenses for the second academic year at the Delaware Campus including those associated with the OSU-Marion partnership, \$1.5 million for debt service and \$3.0 million for capital equipment.

Key Budget Assumptions: Auxiliary Fund

The proposed FY12 budget for the Auxiliary Fund is summarized in Exhibit B. In planning the Auxiliary Fund budget, the objective is to operate with a positive net income in the aggregate. See Exhibit B for a summary of the enterprises budgeted in the Auxiliary Fund.

Bookstore

The college's enrollment growth and growth in general merchandise sales help mitigate the impact of textbook sales, which are being influenced by the changing nature of the industry. Product and price offerings are reviewed regularly to meet the needs of students and employees.

Bridgeview Golf Course

Bridgeview Golf Course will continue to operate as a 9-hole course. Marketing efforts continue to focus on attracting golfers new to Bridgeview, and to capture repeat business.

Food Services

In FY12, the food service program will expand to include the opening of the Cyber Cafe to serve the Delaware Campus.

Child Development Center

The proposed FY12 budget for the college's Child Development Center (CDC) provides for current operations under the current program model while other service models are explored.

SUBJECT:

Joint Resolution with CSCC and OSU Preferred Pathways

BACKGROUND INFORMATION:

The introduction of a new collaborative initiative between The Ohio State University and Columbus State Community College indicates their commitment to a regional strategy for higher education designed to expand access, increase student attainment, and meet the economic advancement goals of Ohio. The Preferred Pathway Program will facilitate improved transitions and a guaranteed path to an Ohio State University baccalaureate degree for qualified students transferring from Columbus State.

RECOMMENDATION:

That the Columbus State Community College Board of Trustees adopt the joint resolution with The Ohio State University, approving the Preferred Pathway Program, guaranteeing admission for Columbus State graduates to Ohio State and ensuring access to the bachelor's degree for students in Central Ohio.

A JOINT RESOLUTION OF THE OHIO STATE UNIVERSITY BOARD OF TRUSTEES AND THE COLUMBUS STATE COMMUNITY COLLEGE BOARD OF TRUSTEES ESTABLISHING THE PREFERRED PATHWAY PROGRAM

Synopsis: The introduction of a new collaborative initiative between The Ohio State University and Columbus State Community College indicates their commitment to a regional strategy for higher education designed to expand access, increase student attainment, and meet the economic advancement goals of Ohio. The Preferred Pathway Program will facilitate improved transitions and a guaranteed path to an Ohio State University baccalaureate degree for qualified students transferring from Columbus State.

WHEREAS the future growth and prosperity of the state of Ohio depend on increasing educational attainment within the state and closing the educational gap between Ohio and competing states and nations; and

WHEREAS the state of Ohio has set a goal of increasing the number of baccalaureate degrees; and

WHEREAS "From Excellence to Eminence: The One University Enrollment Plan" calls for Ohio State to increase its transfer student population; and

WHEREAS Columbus State Community College is an open access institution, providing opportunities to diverse learners and committed to assisting all students from all backgrounds who seek to pursue postsecondary education; and

WHEREAS Ohio State and Columbus State have a long-standing history of mutually beneficial collaborations; and

WHEREAS these institutions are committed to addressing regional workforce needs; and

WHEREAS these institutions believe their partnership can be expanded to address those needs in a more strategic and sustainable fashion; and

WHEREAS the partners recognize the resource constraints faced by the State of Ohio, and are committed to thoughtful stewardship of public funds, and seek to maximize the use of regional assets already in place and to ensure that future investments increase access without duplicating resources; and

WHEREAS the partners are committed to advancing the University System of Ohio principles of access, quality, affordability and efficiency, and economic leadership;

NOW THEREFORE BE IT RESOLVED that The Ohio State University and Columbus State Community College establish a Preferred Pathway Program that will guarantee access to an Ohio State baccalaureate degree for qualified students transferring from Columbus State; and

NOW THEREFORE BE IT FURTHER RESOLVED that the Preferred Pathway Program will be based upon the design principles that follow:

A JOINT RESOLUTION OF THE OHIO STATE UNIVERSITY BOARD OF TRUSTEES AND THE COLUMBUS STATE COMMUNITY COLLEGE BOARD OF TRUSTEES ESTABLISHING THE PREFERRED PATHWAY PROGRAM

Section 1: Guaranteed Admission. Columbus State Community College students who have earned an Associate of Arts or Associate of Science degree will be guaranteed admission to The Ohio State University, consistent with university policy.

Section 2. Curricular Alignment. Columbus State faculty will work with Ohio State faculty to bring appropriate lower-division degree coursework into the Columbus State curriculum, such that CSCC associate degrees provide appropriate preparation for an expanded number of Ohio State baccalaureate degree programs.

Section 3. Shared Advising. The Partners will collaborate in joint advising opportunities. Ohio State and CSCC advisors will collaborate to provide advising to students prior to matriculation, train advising staff, and interface with faculty.

Section 4. Student Services. Ohio State will provide an enhanced orientation program for Columbus State students, develop First Year Experience programs for those students, and extend appropriate Student Life and acclimation programs to them.

Section 5. Data Sharing. The Partners will engage in active, detailed data sharing. The ability to track success at the level of the individual student will enable the institutions to improve the quality of processes and student learning in a systematic manner and ensure public accountability.

Section 6. Stewardship. The Partners are committed to using the public resources entrusted to them in order to provide the finest in educational opportunities. Through the Preferred Pathway Program, the institutions will work to ensure the seamless transition of Columbus State students into the Ohio State experience and to then foster the success of those students. Connecting the two institutions through this program eliminates uncertainties for central Ohio students and families, promotes the higher educational goals of the state, increases Ohio's pool of skilled workers, and boosts its economic development and diversification.

New Policy, 9-12, Payment Card Industry (PCI) Standard Compliance

BACKGROUND INFORMATION:

The Payment Card Industry (PCI) Data Security Standard details security requirements for members, merchants, and service providers that store, process or transmit cardholder data. Because Columbus State accepts and processes payment card transactions such as credit card or bank debit card, the College must demonstrate compliance with the PCI Data Security Standard. One main element of PCI standard is to ensure an adequate policy is in place to establish and govern such compliance. To that end, this recommended policy reflects Columbus State's emphasis on its cardholder protection and compliance with the industry standard.

The proposed policy has been reviewed and recommended by both of the College's Shared Governance Councils.

RECOMMENDATION:

The Board of Trustees adopts the new policy for Payment Card Industry Standard compliance as proposed.

COLUMBUS STATE COMMUNITY COLLEGE
POLICY AND PROCEDURES MANUAL

PAYMENT CARD INDUSTRY COMPLIANCE (PCI) Effective Date:
Policy 9-12
Page 1 of 1

New Policy

- (A) Columbus State Community College (the College) takes advantage of various means of processing financial transactions including the acceptance of payment cards for payments. The College will comply with the applicable Payment Card Industry Data Security Standards (PCI-DSS) to protect account and personal cardholder information from exposure through payment card transactions. No activity may be conducted nor any technology implemented that might obstruct compliance with any portion of the PCI-DSS.
- (B) Access rights to privileged cardholder information will be assigned to employees with the minimum access necessary to perform their job responsibilities. Access rights will be assigned on the basis of a position's classification and function.
- (C) The President shall establish procedures to implement this policy.

No Current Policy

Construction Contracts Exceeding \$50,000

BACKGROUND INFORMATION:

State law requires the Board of Trustees to authorize the award of construction contracts that exceed \$50,000. The following projects will be completed by contractors in amounts that exceed \$50,000.

Project	Rationale	Contractor	Cost	Funding Source
Bolton Field Boiler Replacement	The existing boiler at Bolton Field is old and inefficient and will be replaced with two smaller units that are much more efficient, which in turn will reduce the College's energy consumption. The current boiler operates at approximately 74% efficiency, and the new boilers are rated at 94% efficiency.	C.W. Whitfield	\$137,488	Energy Efficiency and Sustainability Strategic Board Account
Bolton Field Tarmac Replacement	Bolton Field opened in 1976 and houses the Aviation Maintenance Technology program. The existing concrete tarmacs are over 30 years old and have begun to disintegrate. One tarmac accommodates small aircraft, and the other holds a 727 that was donated in 2007 by FedEx.	Republic Builders	\$112,549	Capital Improvements and Land Acquisition – Strategic Board Account
Aquinas Roof and Parapet Repair	The Aquinas Hall roof membrane has been compromised as a result of water leaking into the masonry parapet wall that surrounds the roof. The solution is to remove the existing roof and replace it with a new membrane, and to add metal coping over the parapet. Additionally, the top ten feet of the building's masonry structure will be water proofed to further protect against future water infiltration.	Fey Roofing and Sheet Metal	\$147,300	State of Ohio Basic Renovation appropriations

Construction Contracts Exceeding \$50,000

Each project was bid using the statutorily prescribed State of Ohio bidding procedures.

RECOMMENDATION:

That the Board of Trustees authorizes the College to enter into the following contract with the lowest responsive and responsible bidder to be paid from the funds identified in the chart above.

Financial Statements as of and for the ten months ended, April 30, 2011.

BACKGROUND INFORMATION:

Columbus State Community College policy requires that monthly the President provide each Board of Trustees member a copy of the college's financial statements.

RECOMMENDATION:

That the financial statements as of and for the ten months ended, April 30, 2011, be accepted as presented.

TO: Board of Trustees
FROM: Dr. David T. Harrison, President
DATE: May 12, 2011
SUBJECT: Financial Statements as of April 30, 2011

Attached are the financial statements of Columbus State Community College District, the Foundation, and the President’s Discretionary Fund for the period ended April 30, 2011.

1. General Fund

These financial statements include comparisons of actual-to-date compared to the Revised FY11 Budget approved by the Board in January.

- **Enrollment**

<u>Quarter</u>	<u>Budgeted Headcount</u>	<u>Headcount</u>	<u>Actual Increase/ Decrease</u>	<u>Actual FY 10 FTEs</u>	<u>FY 11 FTEs</u>	<u>% Variance</u>
Summer 2010	16,845	18,817	11.7%	9,533	10,838	13.7%
Autumn 2010	29,447	30,513	3.6%	18,882	20,104	6.5%
Winter 2011*	29,960	29,607	-1.2%	18,654	19,535	4.7%
Spring 2011*	29,929	29,305	-2.1%	18,321	18,649	1.8%

*Preliminary headcounts and FTEs

- **Revenues** (Exhibit B)

Total operating revenues through April 2011 are \$130,442,155, 6.7% higher than the same period last year. This is directly related to higher-than-budgeted tuition revenue for summer and autumn quarters due to increased enrollment.

Year-end projected revenues include the \$4.1M in state subsidy that was to be deferred to the next biennium. If state revenues continue through June on a positive trajectory, these monies are expected to be distributed this fiscal year.

- **Expenditures** (Exhibit B)

Total operating expenditures (before transfers) are \$112,653,076 for the period, or 10.9% higher than the same period last year. These expenditures are consistent with increased expenses budgeted for new faculty and staff at both the Columbus and the Delaware campuses, and operating and marketing costs associated with the Delaware Campus.

2. **Auxiliary Fund** (Exhibit D)

For the period ending April 2011, the Auxiliary Fund's revenues were approximately 2% less than the same period last year. Revenues for the Child Development Center continue to be less than the same period last year due to the expiration of a federal grant that subsidized child care for students and an increasing trend of lower reimbursements from third-party payers due to low rates of attendance of enrolled children. New service delivery options are being actively considered at this time. While revenues for the bookstore are down by 1% compared to last year, expenses are down 6%. Overall expenditures for the Auxiliary Fund are consistent with last year.

3. **President's Discretionary Fund** (Exhibit F)

The President's Discretionary Fund has a cash balance of \$19,147 at April 30, after disbursements of \$1,409, including \$556 accrued from June 30, 2010.

4. **Foundation** (Exhibits G and H)

Foundation contributions through April are \$748,989 compared to \$439,985 through April of last year. Investment income increased for the month by \$124,774. Management and general expenditures are \$146,967 comparable to \$121,554 through the same period last year. Payments for the Inauguration Events and the Consultant hired by the Foundation account for the increase in management and general expenses. Through the month of April, the College has supported the operations of the Foundation in the amount of \$312,234, compared to \$320,377 at the same time last year.

5. **Investments**

The College's portfolio is invested consistent with its investment policy, with 32.8% currently invested in STAROhio and other money markets, with the balance in federal agencies.

2) **Inventories**

Bookstore inventories at year-end are stated at actual cost. At or near year-end a complete physical inventory is taken and adjustments, if any, are recorded.

3) **Plant Funds**

Physical plant and equipment are stated at cost at date of acquisition or fair value at date of donation in case of gifts. Depreciation of physical plant and equipment is recorded.

4) **Long-term debt**

Long-term debt consists of bonds payable in annual installments varying from \$545,000 to \$1,120,000 with interest at rates varying from 2.00% to 4.50%, the final installment being due in 2023, collateralized by a gross pledge basis, of the general receipts of the college, which include the full of every type and character of receipts, excepting only those specifically excluded which are primarily those that are appropriated from the State of Ohio.

Debt service for this long-term debt is paid from an annual allocation in the College's Operating fund, the Auxiliary Services fund, and from the State's Capital Component Program.

5) **Interfund Accounts**

All interfund borrowings have been made from current funds and amounts are due currently without interest.
