Career Steps for Veterans:

- Make an appointment with a Career Counselor to explore different career paths, identify skills and strengths from your military experience, conduct a mock interview, or go over job search strategies
- Complete an informational interview or job shadowing experience with employers who will be hiring in your field
- Develop a focused resume that effectively communicates your experience and transferrable skills
- Pursue student employment to try out different work environments and begin to build a professional network
- Build your network and community of fellow veterans, employers, and professionals
